CONNEXUS

Learnings

Help is not always
helpful

Strategies should be
adaptable

A strong foundation is
worth every penny

Common initiatives lead
to common success

Start Of GenAI Era

CONNEXUS

What's next?

Wins

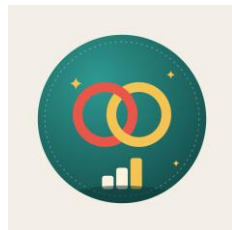

Data quality matters
more than data volume

You can defeat the fear
of failing

Technologies can always
be substituted

Business and IT work
best as partners

Building Resilience Towards “What’s Next” Phases

CONNEXUS

Find or cultivate people
willing to share the
burden of living in an
everchanging reality

Define strategies and
use methodologies that
allow quicker reactions
to volatile factors

Live a corporate culture
where people are
champions and
ambassadors

Thank You!
